DEDICATION

The 1987 Stratham Town Report is gratefully dedicated to Joyce A. Rowe in appreciation for her 20 years of service as our Town Clerk and Tax Collector.

Joyce is a home-grown product of Stratham having lived here most of her life, attending our schools, and with the help of her husband Chris, having a family of six children.

She has been our Town Clerk and Tax Collector for the past 20 years and is still serving with distinction in that capacity. However, this dedication not only recognizes that service but, the numerous other tasks that she performs as manager of the Town Office such as Secretary to the Board of Selectmen, information center for Town activities, and an all around "girl Friday" when needed for other departments in Town. Also, she has computerized the Town Office business starting with her own training on her own time and expense.

She is Past President of the N.H. Town Clerks Association and Past County Coordinator for the N.H. Tax Collectors Association. Currently, she is serving as Co-Chairman representing the Seacoast Area for the N.H. Town Clerks Association. In all of these positions, she has been a credit to the Town of Stratham.

She is a member of the Ladies Auxiliary of the Stratham Volunteer Fire Department and has actively participated for many years in the Stratham Fair.

We recognize and appreciate all of her efforts, especially her work as a Town Official which has resulted in an efficient, service oriented and financially responsible office due in large measure to her sincere interest, dedication and determination.

Well done, Joyce.

SELECTMEN'S REPORT 1987

As we sit down to write this report to reflect back on the past year, growth seems to be the largest factor concerning the Town again this year. Once again it has effected all aspects of Town Government.

In the Highway Department, four new roads including Humes Court, Hill Crest, Wedgewood and Oak Court have been added to our inventory increasing the work load of our equipment to personnel. The new grader which we are now leasing has worked out well with 242 hours of work being recorded. Its use during snow storms has also releaved the pressure on our trucks. The Depot Road rebuilding and paving project was completed during the summer with pressure by this office as well as The Planning Board. The Town of Greenland has built a connector road in the Tidewater subdivision which will take some of the traffic off of Depot Road.

Because of added road mileage, the Highway Department is asking for an additional truck, which we feel would be best served by a smaller one ton dump with plow. This truck would be more versatile being used in the summer for small repair jobs and to move lawn mowing equipment.

In the planning and inspection areas, we have made some changes which should improve the functioning of this important aspect of Town. We have added Jim hayden to our inspection process. Jim's job is to inspect the location of all buildings and their proximity to wetlands. Well and septic system locations are also inspected by Jim. These inspections have eliminated some potential problems. The Planning Board have worked with their new ordinances and have found several changes which you will be voting on at Town Meeting.

As many of you know we are faced with a possible water franchise situation in Town. In our attempt to have control of our own water and the future development of a system, we have engaged a lawyer to help us with the process of working with the P.U.C. to resolve this situation. We will gain more time with the P.U.C. by funding and implementing a town wide water study to determine locations and quanitity and quality. This study will help stand-off outside franchise attempts before we are sure what direction we want to take.

In all Town departments we have found that the loyal and faithful employees are the backbone of Town Government. To help insure their continued good work, we have made an attempt to compensate them which is competitive with other towns in the area. One of our problems in retraining officers has been their low salaries which we are increasing in hopes of holding our present officers.

The Selectmen's Office has also been affected by the continued growth of our Town. Paper work and day-to-day questions and problems have increased to the point that we feel the Town needs an Assistant Administrator to help us with this added work. It is hoped that an Assistant Administrator will make our office more efficient to give us more control of our budget and the use of Town resources.

Thank you for your support and continued interest in Town Government.

Gordon Barker
Marty Wool
Terry Barnes

MINUTES OF TOWN MEETING

ARTICLE 1. Election of Town Officers. An * denotes elected officer.

Selectmen for Three Years: Terry W. Barnes 376* Garrett B. Dolan 284

Town Clerk-Tax Collector for Three Years: Joyce A. Rowe 576*

Treasurer for Three Years: Kenneth F. Lanzillo 576*

Trustee of the Trust Funds for Three Years: Harry R. Rosenblad 567*

Trustee of the Library for Three Years: Frank C. Hart 586*

ARTICLE 2. Zoning and Land Use Ordinance. Yes 410 No 243

ARTICLE 3. Adjusted Elderly Exemption Yes 600 No 71

Results of School Ballot: Member of School Board for Three Years:

David P. Barr 278* Kathryn Bickford 168, Deborah L. Woods 216

School District Auditor: Charles G. Palm 651

ARTICLE 16. 1% Discount on Taxes. Richard Scamman moved motion, Gary Dolan seconded. Vote in the affirmative.

ARTICLE 17. Any other business. Martin Wool dedicated the 1986 Town Report to George Brown. Gordon Barker welcomed Terry Barnes to the Board of Selectmen and thanked Gary Dolan for time spent as a selectman.

Respectfully submitted,

Joyce A. Rowe, Town Clerk

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Stratham in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Lower Town Hall in said Stratham on Tuesday, the eighth day of March, next at ten of the clock in the forenoon to act upon the following subjects:

ARTICLE 1. To choose all necessary Town Officers for the year ensuing.

ARTICLE 2. By petition of Joyce A. Rowe and 36 others: Shall we adopt the provisions of RSA 80:58-86 for a real estate tax lien procedure? These statues provide that tax sales to private individuals for non payment of property taxes on real estate are replaced with a real estate tax lien procedure under which only a municipality or county where the property is located or the state may acquire a tax lien against land and buildings for unpaid taxes.

ARTICLE 3. A proposal to amend Section 3.5 (Use Regulations, subsection 3.5.1, to read as follows: For any use not specifically listed in the Table, the Planning Board shall determine whether the proposed use is of the same genereal character as the uses allowed in the Table. If the Board determines it is of the same general character, then the use will be allowed. If the Board determines that it is not of the same general character, then it shall not be permitted. Planning Board recommends this article.

ARTICLE 4. A proposal to amend Section 5.2 (Certain Prohibitions), subsection 5.2.3, by adding a sentence to read as follows: No septic leach field, or the "toe of slope" for a mounded system, shall be located within 30 feet of a road ditch line. Planning Board recommends this article.

ARTICLE 5. A proposal to amend Section 8.3 (Cluster Development, Objectives), subsection (e) to read as follows: (e) Avoid development of portions of sites which have poor soil conditions, high water tables, are subject to flooding, or have excessively steep slopes (greater than 25%). Planning Board recommends this article.

ARTICLE 6. A proposal to delete Section 8.7.2 (Cluster Developments, Swelling Unit Density), and add a new section to read: 8.7.2 Dwelling Unit Density, The following density of development is allowed in the R/A and Town Center Districts: (a) Unit Density shall be calculated as follows: 1. Number of single family units equals developable acreage 0.75 2. Number of duplex, multi-family units, or mobile homes equals developable acreage 0.50 (b) Developable acreage is the total tract area, excluding wetlands, water-bodies, slopes greater than 25%. alluvial soils, and the 100-year flood zone. (c) The number of bedrooms shall be governed by current soil type regulations as adopted by the Planning Board and/or Town. In cases of dispute about the number of bedrooms per dwelling unit, the Planning Board shall be the final authority in determining the number of bedrooms in each dwelling unit. Planning Board recommends this article.

ARTICLE 7. A proposal to amend Section 8.7 (Cluster Developments, Development Regulations), subsection 8.7.3 (layout), paragraph (a) to read as follows: (a) External Dimensional Requirements. 1. Frontage. The development

land must have 50 feet of frontage. 2. Setback. The following setbacks shall be required from any exterior boundary of the development land: Roads and septic systems - 40 feet; Buildings or structures - 100 feet. The Planning Board may permit a setback reduction from 100 feet to 40 feet in areas where the development is abutting wetlands or open water. All setbacks shall be retained as a natural buffer. Planning Board recommends this article.

ARTICLE 8. A proposal to amend Section 8.7 (Cluster Developments, Development Regulations), subsection 8.7.3 (Layout), paragraph (b), to read as follows:

(b) Internal Dimensional Requirements. The following dimensions shall apply for the layout of structures: (for this purpose leaching fields will be regarded as structures, including the toe of the slope). Front setback - Structures shall be at least 25' from the edge of pavement. Structures shall be at least 25' apart on the side and rear. Maximum heights - 35'. Planning Board recommends this article.

ARTICLE 9. A proposal to delete 8.7.5 (Cluster Developments, Minimum Open Space) and add a new section to read as follows: 8.7.5 Minimum Open Space Area. (a) The open space for all cluster developments shall not be less than 25% of the gross upland area of the development. Upland area is defined as all soils, excluding wetlands, alluvial soils (subject to flooding), waterbodies, and slopes greater than 25%. (b) The open space area shall be of a suitable size and character for the establishment of active recreation. The Planning Board reserves the right to determine the appropriateness of the layout of the open space. Planning Board recommends this article.

ARTICLE 10. A proposal to delete Section 8.7.6 (Cluster Developments, Minimum Common Area and Lot Size) and add a new section to read as follows: 8.7.6 Minimum Lot Size. For a cluster development with interior lot lines, the minimum lot area shall be 30,000 square feet. Planning Board recommends this article.

ARTICLE 11. A proposal to delete the sentence "Cluster development provisions may be applied to mobile home subdivisions, providing there is compliance with all of Section VIII" from Section 9.6, subsection 9.6.1 and add a new section to read as follows: 9.7 Unit Layout Cluster development provisions may be applied to mobile home parks and subdivisions providing that there is compliance with all of Section VIII, except 8.6.3 (b). For mobile home developments with a community water system, a 30% increase in dwelling unit density will be allowed. Planning Board recommends this article.

ARTICLE 12. A proposal to amend Section 10.5 (Local Regulation of Excavation, Administration), subsection 10.5.3 (Conditions), paragraph (a), to read as follows: (a) The finished level and grading, the finished slope shall not exceed a grade level of one (1) foot verticle distance for each three (3) feet of horizontal distance unless a petitioner agrees to approved methods of sodding, grassing, rip-rapping, or the use of retaining walls. Planning Board recommends this article.

ARTICLE 13. A proposal to amend Section 11.2 (Wetlands Conservation District, Area), subsection 11.2.1, by adding a paragraph after the first paragraph, to read as follows: The location of a wetland boundary in any particular case must be determined by onsite inspection of soil types. This data shall be prepared by a qualified soil scientist using the standards of High Intensity Soil Maps for New Hampshire. Planning Board recommends this article.

ARTICLE 14. A proposal to amend Section 11.5 (Wetlands Conservation District, Special Provisions), by adding a new section, to read as follows: 11.5.3 Buffer Provisions a) No septic system, leach field or other waste disposal facility shall be installed within 75 feet of the edge of any poorly drained soil or within 100 feet of the edge of any very poorly drained soil. b) All construction, forestry and agriculture activities within 100 feet of any wetland shall be undertaken with special care to aviod erosion and siltation into the wetlands, The Planning Board may require an erosion control plan approved by the Rockingham County Conservation District for any project undertaken up-grade of a wetland. No building activity (building does not include septic systems) shall be permitted within 100 feet of any very poorly drained soil and within 50 feet of any poorly drained soil except as provided in subsection 3 of this section. Where required permits from the New Hampshire Water Supply Pollution Control Commission, under RSA 149:8-a and the Wetlands Board under RSA 483-A shall be obtained. c) Where an existing building within the buffer zone is destroyed or in need of extensive repair it maybe rebuilt provided that such rebuilding is completed within two years of the event causing destruction, the new or rebuilt structure shall not extend further into the wetland or buffer area than the original foundation. Planning Board recommends this article.

ARTICLE 15. A proposal to amend Section 14.1 (Administration, Power and Authority), subsection 14.1.1 (Building Inspector), first sentence, to read as follows: 14.1.1 Building Inspector The duty of administrating and enforcing the provisions of this ordinance and the current BOCA Building Code is hereby conferred upon the Building Inspector. Planning Board recommends this article.

ARTICLE 16. A proposal to amend Section 14.1 (Administration, Power and Authority), by adding a new section, to read as follows: 14.1.2 Building Code. All multi-family dwellings shall be constructed in conformance with the current BOCA Building Code and current NFPA-13 and 13D standards. Planning Board recommends this article.

ARTICLE 17. A proposal to amend Section 14.4 (Administration, Procedures For Permits), subsection 14.4.2 (Supporting Materials), by adding a new section 14.4.2(a), to read as follows: (a) All building plans will be submitted with applications for building permits. These plans will be submitted to a plan review agency to assure that the building codes are met. The expense incurred will be paid by the applicant, The Board of Selectmen or Building Inspector may waive this policy. Planning Board recommends this article.

****
THE FOLLOWING ARTICLES WILL BE VOTED ON AT TOWN MEETING, MARCH 11, 1988 AT 7:30 P.M. IN THE CAFETERIA OF THE NH VOCH TEC COLLEGE.
****

ARTICLE 18. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for same.

ARTICLE 19. To see if the Town will vote to raise and appropriate Fifty Five Thousand ($55,000.00) to implement the Capital Improvement Program as presented in the Town Report on the following page and approved by the Planning Board.

ARTICLE 20. To see if the town will vote to authorize the Board of Selectmen to transfer 38.7 +/- acres of the former Gifford property identified on Map 5 Lot 19 and May 6 Lot 5-19 of the Town of Stratham tax maps to the Stratham School District on such terms and conditions as the Board of Selectmen shall determine are in the best interest of the town.

ARTICLE 21. To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the Town the Stratham Memorial school building and site to be conveyed to the Town by the Stratham School District.

ARTICLE 22. To see if the Town will raise and appropriate the sum of Fifteen Thousand Dollars ($15,000.00) for the purpose of hiring an Administrative Assistant.

ARTICLE 23. To see if the Town will raise and appropriate the sum of Thirteen Thousand Four Hundred Forty Four Dollars ($13,444.00) for the purpose of purchasing a police cruiser under the State bid.

ARTICLE 24. To see if the Town will vote to authorize the Selectmen to use the remaining Twelve Thousand Dollars ($12,000.00) from the 1986 capital improvement Gifford Water Study appropriation for the purpose of a Town wide water study.

ARTICLE 25. To see if the Town will vote to raise and appropriate the sum of Eight Thousand Dollars ($8,000.00) for the purpose of a Town wide water study.

ARTICLE 26. To see if the Town will vote to raise and appropriate the sum of Four Thousand Dollars ($4,000.00) for the purpose of an addition to the Caretakers Quarters at the Park.

ARTICLE 27. To see if the Town will vote to raise and appropriate Two Thousand Three Hundred Dollars ($2,300.00) for the purpose of installing dry hydrants at the Mill Pond on Portsmouth Avenue.

ARTICLE 28. To see if the Town will authorize the Selectmen to accept private donations of land, interest in land or money to be deposited into the conservation fund for the purposes of contributing to the local matching portion required for acquiring conservation land or interest in land and other costs associated therewith for permanent conservation use under the NH Land Conservation Investment Program (LCIP) RSA 221-A, and authorize the Selectmen to apply for and accept the state matching funds under the LCIP for the purposes of acquisition of the fee or lesser interest in conservation land. Said appropriated or donated funds and state matching funds may be expended by majority vote of the conservation commission.

ARTICLE 29. To see if the Town will vote to authorize the Selectmen to transfer 50% of the funds received from Land Use Change assessments to a conservation fund for the purpose of acquiring conservation land or interest in land and other costs associated therewith for permanent conservation use.

ARTICLE 30. To see if the Town will vote to authorize the Selectmen to transfer 50% of the funds received from Land Use Change assessments to a fund to be used for Capital Improvement programs.

ARTICLE 31. To see if the Town will raise and appropriate the sum of Three Hundred Fifty Two Dollars ($352.00) to support the Women's Resource Center.

ARTICLE 32. To see if the Town will vote to authorize the Selectmen to transfer the portion of the Gifford property not used for the proposed school, farm house, or fair parking to the conservation commission for the purpose of preserving water sources, and outdoor recreation, woodland, and conservation areas.

ARTICLE 33. To see if the Town will vote to authorize the Selectmen to accept any roads presented to the Selectmen for acceptance as Town roads which comply with all zoning ordinance, subdivision regulation and Town construction specification requirements.

ARTICLE 34. To see if the Town will vote to allow the Selectmen to borrow money in anticipation of taxes.

ARTICLE 35. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this nineth day of February, in the year of our Lord nineteen hundred and eighty-eight.

POLICE DEPARTMENT REPORT 1987

The Police Department is now back up to full strength after three full time officers left for other towns for a very good raise in pay. The department has six full time officers, one of whom is a female officer who is going to make a very fine officer for the Town. All three officers will be going to the Police Academy this year for ten weeks. Their duty will be covered by part-time officers. All officers pay will be upgraded this year so after completing the ten week training, they will be competitive with other towns in the state.

The department has had a very busy 1987 with over 5,456 calls responded to. There were twenty-six burglaries reported and covered by the Police. The department covered 294 accidents which 90% were either on Route 101 or at an intersection onto Route 101. There were also 789 motor vehicle court cases, and 1,450 motor vehicle warnings and checks made of motor vehicles. The Police Department gave sixty-six medical assists to the Stratham Rescue Squad. There were sixty-four prowler/suspicious person calls. There were fifty-eight domestic offenses that the department was called to for which some persons were arrested, reference assaults or criminal mischief. Three hundred and forty alarms were responded to in 1987, many of which were unfounded. If, after three in a row a repair is not made, the owner will be billed at the set rate of $50.00 per alarm.

The Police Department will be replacing the 1986 Dodge police unit this year. It has 91,000 miles on it and we have had to put $2,521.03 into it. The department will order another Ford at the state bid price which is built heavy duty to state specifications.

The Police also covered 39 animal complaints because the animal control person is only part-time and works full-time weekdays and is not able to respond to these calls. The total number of animal control complaints received was 263. The 357 assists to other agencies would be to the Stratham Fire Department, the Stratham Rescue Squad or other police departments from other towns. The police also had 74 homes to keep an eye on while the owners were away on vacation. There were 37 D.W.I. arrests within the town last year. It is very important to keep the drunk drivers off the road. The 29 juvenile cases the department had to deal with in 1987 did not mean they all went to court. Many were taken care of by working things out with the child and the parents and/or the complaintant. Also, some of the criminal trespass calls were taken care of by all subjects working it out, and then there were some that were arrested and taken to court. There were 119 reports of theft and/or larcenies, many of which covered everything from a hand bag theft from a store, shoplifting, theft of a bike from someone's yard to a mail theft.

Respectfully submitted,

David L. Gilbert
Chief of Police

NEW POLICE CRUISER

HIGHWAY DEPARTMENT REPORT 1987

Another year has gone by and the town's highway system continues to grow. We have kept up with the winter fairly well this year and are doing our best to keep the roads open. The new truck and a new sander that we added last year have helped us keep up better with the storms and the additional miles of road we get each year. We are asking for a new one ton dump truck this year to use for patching roads, cemetery work and plowing. This will free up one of our larger trucks for other things.

Our Equipment consists of the following:

1. New 1987 Caterpillar grader with plows in excellent shape
2. New 1987 International dump truck with plows and sander in excellent shape
3. 1984 International dump truck with plows and sander in good shape
4. 1978 GMC dump truck with plows in tough shape
5. 1966 Mack sander in bad shape with over four hundred thousand (400,000) miles on it
6. 1984 Caterpillar loader in good shape
7. 1986 Dodge 4x4 pickup with plow in good shape
8. 1979 Chevy 4x4 pickup with plow in fair shape. This truck is shared with the mosquito department for their use in summer

Our only problem equipment is the GMC and the Mack. They are both getting old and worn out. Parts and repairs to these trucks really do a job on a budget.

We continued to take care of the town roads, cemeteries, dump, public buildings, and town/school parking lots. Our work usually involves patching roads, widening roads with gravel, tree work, mowing cemeteries and ordinary repair to any of the above. Our costs continue to climb on gravel, tar and salt. Renting extra help and equipment is getting worse all the time.

Last year we paved High Street, Crestview, Depot Road and Sandy Point. We also paved sections of Jason, Jana and Stratham Heights Road. We tar/sealed Guinea Road, Stratham Heights Road, Union Road, Barker Road, Barker Lane, Frying Pan Lane and River Road.

During the past year we did various culvert and/or drainage projects around town. These jobs were on Hersey Lane, Depot Road, Guinea Road and Frying Pan Lane. New catch basins were put in on all except Guinea Road. Early in the fall we did drainage and pipe work at the park and had a new pavement put down as well.

The following town roads were added or completed last year:

1. Coach Road (extended)
2. Butterfield (extended)
3. Raeder Drive (extended)

4. Humes Court (off Winnicutt)

5. Hill Crest (off High Street)

6. Wedgewood (off Hersey Lane)

7. Oak Court (off Butterfield to Windingbrook

With the addition of these roads we now have 68 town roads (not including state or private roads). The town roads measure approximately 43 miles.

This year we plan to do more drainage work where needed. We also hope to pave 5 miles of road and tar/seal 3 miles. Every year some roads need shoulder widening and this year we plan to do 5 miles of it. All of these jobs depend on the money supply and the costs, thus, we may do more or less mileage of each.

We at the Highway Department try to do our best and hope that you feel free to call us at 772-5550 with any questions or hopefully just a thank you.

Respectfully submitted,
Fred A. Hutton, Jr.

LEASED GRADER

REPORT OF BUILDING INSPECTOR FOR 1987

	1987	1986
Single Family Dwellings	58	133
Multi Family Dwellings	9	23
Storage Sheds and Barns	23	43
Additions and Remodel	83	35
Signs	5	3
Commercial Buildings	1	4
Pools	13	
Fences	3	

If we compare last year's numbers with 1987 numbers, you will find that there were 75 less single family dwelling permits issued this past year. Multi-family dwelling permits were down by 14 permits. The fact is new construction has slowed down by more than half of what it was the year before. This would make one believe that the number of families moving into town has also decreased.

The interesting point is that remodeling permits are up over twice as many as the year before. This may leave you asking, do our families just need more room or are they growing?

This coming March the Stratham voters will be asked to vote on a building ordinance change. The question will be to make it mandatory to install sprinkler systems in new multi-family dwelling units. Multi-family dwelling units will mean more than two dwelling units. This is not an uncommon request of an urban or rural community. It is an excellent fire protection for life and property. Granted, it is another expense for the builder which is carried on to the consumer, but when compared with todays prices fire protection is an insignificant cost. The benefits for the consumer and the town are recognizable. I shouldn't have to mention the life safety factor. Everyone should know that most of the deaths caused by fire in the United States occurred in dwellings. Therefore, it would stand to reason this would be the place to start fire protection. Also it is a known fact that sprinkler systems save property. Insurance premiums are also lower which will benefit the taxpayers. Keep in mind, sprinkler systems do not need a municipal water system to operate.

Stratham also has a very good practice of Plan Reviewing through a Plan Review Agency. Each set of plans are treated equal and fairly, with the utmost proficiency. I feel very confident in the results of this program.

We also will be voting on building a new school this year. With our present building regulations and the School Building Committee's plans for a Clerk of the Works to keep day-by-day watch on the project, we will have a well built school.

Respectfully submitted,

Ralph S. Walker, Jr.

ANNUAL REPORT OF MOSQUITO CONTROL

NOVEMBER 1987

The Exeter Mosquito Control District consists of Exeter, Hampton Falls, Newfields and Stratham. It resulted from a cooperation among towns that began in the late 1970's. Originally organized as separate programs, it was then found more economical to share such costs as a professional entomologist to manage and supervise mosquito control work. Research into the expansion of this cooperative program to include more towns was initiated in 1987.

The program was active early in 1987 as mosquito larvae hatched even before the snow had fully melted. All breeding sites were larger than normal after the flooding rains of March and April. The drenching weather required our tenacity, and our three man crew kept on the move to reach all documented spring breeding sites. Treatment was concentrated on previously discovered breeding sites. Records of these sites were updated with detailed maps drawn to complement site descriptions.

Dip samples were taken intensively and every one-half acre was sampled to insure it contained enough mosquito larvae to warrant treatment. This approach maximized efficiency, as a result our material usage was down compared to prior years of similar magnitude. The summer continued with the hatching of salt-marsh mosquito larvae, usually every 12 to 18 days. We monitored the 100 acres of breeding saltmarsh weekly to allow prompt treatment of each new brood; these broods can complete development in as little as six days. Also, some fresh water sites hatched as much as three times throughout the summer with most pool activity in late June. These, and especially the most crucial were larvicided. Follow-up surveys of treated areas revealed excellent results with close to 100% control most of the time. This was important since a pint water sample would sometimes contain 80 to over 100 mosquito larvae before treatment!

In the midst of rapid larval development we maintained treatment schedules while also monitoring the adult population. Adult surveillance involved the capture and identification of over 40,000 mosquitoes. The gathered data were used to determine truck spray schedules and to monitor mosquitoes of concern to human health. Along with mosquito control, twenty-three greenhead traps were built in 1987 to bring the total to fifty-four. These "black boxes" were constructed of scrap materials and were set on the saltmarshes to capture and control greenhead flies.

The goal of this program will continue to be the providing of safe and effective mosquito control as economically as possible. Both myself and the Commissioners thank everyone for their support in "fighting the bite" and look forward to another year of effective control.

Respectfully submitted,

Mark Weaver, Supervisor

REPORT OF THE CONSERVATION COMMISSION

The Stratham Conservation Commission has been active in several areas in conservation this past year, including:

1. GIFFORD PROPERTY INVENTORY AND STUDY: A preliminary study of the Gifford property for a water supply source was completed by Dr. Tom Ballestero of the University of New Hampshire. James Hayden of the Rockingham County Conservation District completed a report on the natural resources of the property. This information was presented at a public meeting in September. Members also assisted the School Building Committee with review of the site plans for the school at the Gifford property.

2. WATER AND SEWER: Members of the Commission served on the Sewer Study Committee, assisted with the town's input on the PUC water hearings and attended regional water study meetings.

3. SUBDIVISION REVIEW: Members did some review limited to the natural resource aspects of subdivisions and attended two joint meetings with the planning board.

4. DUMP: Members did a preliminary review of ash storage at the dump.

A major goal of the Commission this coming year is to acquire land for conservation and open space. The Commission is investigating funding through the Trust for New Hampshire Lands and is actively seeking donations of land. The Commission also plans to develop a conservation plan for the Gifford property.

The Conservation Commission meets monthly on the 2nd Wednesday of the month.

We would like to take this opportunity to thank Gary Dolan and Jerry Dexter for their many contributions as members of the Conservation Commission.

REPORT OF STRATHAM VOLUNTEER FIRE DEPARTMENT 1987

Ambulance Calls	141
Structure Fires	4
Chimney Fires	13
Alarm Activations	40
Car Fires	9
Smoke Investigations	20
Chemical Spills	3
Car Accidents	25
Brush Fires	11
Mutual Aid Calls	25
Mask Air Unit	41

Both ambulance and fire calls have increased slightly. Despite the increase in population and road traffic, the estimated property losses or damage has not increased very much. ($69,000)

Our tank truck was received and put into service early this year. This truck is referred to as tanker #8. It carries 3000 gallons of water, 2000 feet of hose and two portable drop tanks capable of holding 3000 gallons of water. Tanker #8 will pump 1500 gallons of water per minute. In the period of time that we have had tanker #8, it has proven quite beneficial.

We have also received the defibrillator for our ambulance and the squad members have been trained and certified.

The Ladies Auxiliary have started a "Jaws of Life Fund". They have contributed the first $3,000 of a $13,000 goal to purchase a Jaws of Life type of rescue tool for auto-extrication. Within a few months the fund has accumulated $8,000 in donations.

The Fire Department operations officers are currently making plans for this year's training schedule which hopefully will attrack more new volunteers. New volunteers are something we all look forward to, so that we can maintain the high level of enthusiasm that we are so proud of.

Again this year, I would like to thank our town organizations and departments for their cooperation this past year. Without this assistance it would only make things more difficult and more expensive for the town. I would also like to thank our many fire fighters and their spouses for their patience and understanding of the diffiuclt times we spend serving our town.

Respectfully submitted,
Ralph S. Walker, Jr.

January 27, 1988

David Noyes, President
Stratham Fair Association

The books and records maintained by the Association Treasurer, Nelson Barker for the year 1987 have been reviewed and tested as considered necessary. Year-end bank account balances were confirmed. The attached schedules (on a cash basis except for one January 1988 bank deposit and one January 1988 check written) reflect the results of my audit. These January 1988 transactions were included in this report in order to reflect all 1987 activity. Some comments are as follows:

1. Paid invoices were reviewed. They appear to be for goods or services related to the Fair. Some invoices were not accompanied by the original bill which caused two problems. The first problem showed a total amount due while the bill would have specified what was purchased. The second problem was the receipt by the

Treasurer of the original bill at one time and of the subsequent invoice at another time. In a few instances duplicate payments were made. Fortunately, these duplicate payments were later caught and reversed. It is suggested that the original bill be attached to the invoice and both be forwarded to the Treasurer at one time.

2. A few payments are being made without any form of a bill or invoice. Our Treasurer should have a bill or a statement of some kind before any payment is made.

3. In total, our actual expenses were close to the budgeted amounts. Except for Admissions Income, the Other Income amounts were also close to 1987 budgeted figures. Admission Income was over $16,000.00 less than anticipated. We might want to reconsider this aspect in establishing our 1988 budget.

4. Copies of the attached schedules have been given to the Treasurer of the SVFD for inclusion with that Department's financial activity for IRS purposes.

I would be pleased to discuss the above comments or attached schedules with any interested member of the Fair Association.

Respectfully submitted,

Harry R. Rosenblad
Internal Auditor

LAMPREY HEALTH CARE REPORT

Lamprey Health Care will mark seventeen years of providing services in 1988.

Two medical offices, one in Newmarket and one in Raymond, provide general medical care, preventive health services, community outreach, social services and short term counseling with referral to mental health agencies.

Services also offered by Lamprey Health Care include Senior Citizen Transportation and Information and Referral Services for Rockingham County.

Lamprey Health Care's medical team consists of six physicians: Sarah Oxnard, MD, Pediatrician; Cynthia Rasmussen, MD; Obstetrician-Gynecologist; and four Family Practitioners, Edward Benoit, MD; Karen Brainard, MD; Paul Friedrichs, MD; and our newest member, Micki Kantrowitz, MD. Also on staff at Lamprey Health Care are Michael Lewis, Certified Physician's Assistant; Barbara Janeway, Nurse Practitioner; Anne Fawcett, Nurse Practitioner; and John Mark Blowen, Nurse Practitioner. Registered and Licensed Practical Nurses round out the Medical Team.

The addition of physicians in recent years allows Lamprey Health Care to respond to the growing demand for services.

Under the direction of Dr. Rasmussen, Lamprey Health Care operates a prenatal program which includes prenatal, delivery and postpartum care along with nutritional counseling, prenatal and parenting classes and social services and/or referral.

Lamprey Health Care continues to operate the Senior Citizen Transportation Program. The transportation service enables senior citizens to remain independent, self-sufficient and active by providing the means to needed services, including medical, food shopping and recreational trips. Three of the five busses operated by Lamprey Health Care are equipped with hydraulic lifts to provide services to the handicapped. For further information, call 659-2424 or toll-free 1-800-582-7279.

Lamprey Health Care also operates The Rockingham County Info-Center which provides information and referral services to the residents of the county. Information is available to callers through a toll-free number on a wide range of subjects. The toll-free number is 1-800-582-7214.

Tel-Med is a taped library of "non-diagnostic" health information designed to provide basic facts about certain diseases, conditions or health issues. The library contains 200 taped messages which are accessible 24 hours per day seven days a week by households with touch tone phones and Monday - Friday from 8 am to 4 pm by households with rotary dial. The numbers to reach Tel-Med are 433-3232 and 433-3242 and 659-7514 and 659-7516. The Tel-Med program is funded by The Foundation for Seacoast Health of Portsmouth. For more information or for a brochure of Tel-Med tapes you may call toll-free at 1-800-582-7214.

Lamprey Health Care wishes to express its appreciation to the Town of Stratham for its support.

Respectfully submitted,

s/Ann H. Peters
Executive Director

REPORT ON EXAMINATION OF FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 1986

Irenee R. Lebel
Certified Public Accountant

54 Court Street - Portsmouth, New Hampshire 03801
603 436-8110

Selectmen
Town of Stratham
Stratham, NH 03885

Gentlemen:

I have examined the combined financial statements of the Town of Stratham, New Hampshire, and its combining and individual fund financial statements as of and for the year ended December 31, 1986. As a part of my examination I made a study and evaluation of the Town's system of internal accounting control to the extent I considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards the purpose of such evaluation is to establish a basis of reliance on the system of internal accounting control in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion of the financial statements.

My study and evaluation of the system of internal accounting control was made for the purpose set forth in the paragraph above and accordingly would not necessarily disclose all weaknesses in the system because it was based upon selective tests of the accounting records and related data. As a result of this study and evaluation, I have noted no particular areas where improvements can be made to strengthen the system of internal accounting control.

At this time I wish to thank the Town officials, especially Mrs. Joyce Rowe, Mr. Harry Rosenblad, and Mr. Kenneth Lanzillo for the cooperation and courtesy shown my staff during the course of the engagement.

Portsmouth, New Hampshire
September 2, 1987

Irenee R. Lebel
Certified Public Accountant

54 Court Street - Portsmouth, New Hampshire 03801
603 436-8110

Board of Selectmen
Town of Stratham, New Hampshire

I have examined the combined financial statements of the Town of Stratham and its combining and individual fund financial statements as of, and for the year ended, December 31, 1986 as listed in the table of contents. My examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures that I considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not presented in the financial report.

In my opinion, the combined financial statements referred to above present fairly the financial position of the Town of Stratham at December 31, 1986, and the results of its operations and the changes in financial position of its proprietary fund types and similar Trust Funds for the year then ended, in conformity with generally accepted accounting principles applied on a consistent basis. Also in my opinion, the combining and individual fund financial statements referred to above present fairly the financial position of the individual funds of the Town of Stratham at December 31, 1986, their results of operations and the changes in financial position of individual proprietary funds for the year then ended, in conformity with generally accepted accounting principles applied on a consistent basis.

September 2, 1987

TOWN OF STRATHAM, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1986

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fund Accounting

The diverse nature of governmental operations and the necessity of determining compliance with legal provisions requires modification of accounting systems commonly used by commercial enterprises. Rather than establishing a single unified set of accounts to record and summarize all financial transactions, the accounts of the Town are organized on the basis of funds, each of which is considered a separate entity with self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures, including obligations and transfers. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, as follows:

Governmental Funds

General Fund - The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes.

Fiduciary Funds

Trust & Agency Funds - Trust & Agency Funds are used to account for assets held by the Town in a trustee capacity or as an agent for other governmental units. These include Expendable Trusts, Non-expendable Trusts, and Agency Funds. Non-expendable Trusts are accounted for in essentially the same manner as proprietary funds, while Expendable Trusts are accounted for similar to governmental funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting related to the timing of the measurements made, regardless of the measurement focus applied.

Basis of Accounting (Cont'd)

All governmental funds and Expendable Trust Funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Taxpayer-assessed income, gross receipts, and sales taxes are considered "measurable" when in the hands of intermediary collecting governments and are recognized as revenue at that time. Anticipated refunds of such taxes are recorded as liabilities and reductions of revenue when they are measurable and their validity seems certain.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include: (1) accumulated unpaid vacation, sick pay, and other employee amounts which are not accrued; and (2) principal and interest on general long-term debt which is recognized when due.

All proprietary funds and Non-expendable Trust and Pension Trust Funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned and their expenses are recognized when they are incurred.

Fixed Assets

The Town does not maintain a record of its general fixed assets and accordingly a statement of general fixed assets required by generally accepted accounting principles is not presented in the financial statements.

2. GENERAL LONG-TERM DEBT

General governmental liabilities for the retirement of long-term debt are accounted for in the General Long-Term Debt Group of Accounts. Amounts due in future periods are provided by appropriation and become part of the funds raised through taxes. The Town's obligations at December 31, 1986 consist of:

7.25% note payable, secured by vehicle, interest due semi-annually, principal of $7,780 due annually through January, 1989	$ 15,560
7.98% note payable, secured by land, interest due semi-annually, principal of $81,000 due annually through December, 1995	729,000
	$744,560

3. TOTAL COLUMNS ON COMBINED STATEMENTS - OVERVIEW

Total columns on the Combined Statements - Overview are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

4. APPROPRIATED FUND BALANCE

The balance in the general fund account, appropriated fund balance, represents unexpended sums for current and previous years' special appropriations for the following purposes:

Fire Truck	$ 64,885
Gifford property water study	15,000
Town office needs	10,009
Traffic study	10,000
Land Conservation Fund	10,000
Library steps	4,780
RSA 100-A Retirement Program	1,160
	$115,834

5. RECONCILIATION OF BUDGET AS APPROVED AT TOWN MEETING TO GAAP BASIS BUDGET

Total appropriations approved - Town Meeting	$3,675,111
Add: 1985 Appropriation expended	
Interest - Gifford property acquisition	11,494
Less: 1986 Appropriations carried forward	
Fire truck	(64,885)
Gifford property water study	(15,000)
Town office needs	(10,009)
Traffic study	(10,000)
Land conservation fund	(10,000)
RSA 100-A Retirement Program	(1,160)
	$3,575,551

Included in Audit Report as:

Budgeted Expenditures	$3,533,156
Operating transfers-out	33,395
Revenue sharing budget	9,000
	$3,575,551

SCHOOL DISTRICT WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of Stratham, qualified to vote in Town Affairs:

You are hereby notified to meet at the Stratham Vocational, Technical College in said District on Friday, the eighteenth day of March, 1988, at seven-thirty o'clock in the evening to act on the following subjects:

1. To see if the District will appropriate the sum of Seven Million Two Hundred Fifty Thousand Dollars ($7,250,000.00) for the constructing, original equipping and furnishing of a new school and for the purchase of land for the school; Seven Million Two Hundred Fifty Thousand Dollars ($7,250,000.00) of such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 et seq, as amended; to authorize the School Board to invest said monies and to use the earnings thereon for said project; to authorize the School Board to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the School Board to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the School Board to take any other action or to pass any other vote relative thereto.

2. To see if the district will vote to authorize the School Board to accept on behalf of the school district 38.7 more or less acres of the former Gifford property to be conveyed to the school district by the Town of Stratham.

3. To see if the district will vote to authorize the School Board to convey the Stratham Memorial School building and site to the Town of Stratham on such terms and conditions as the School Board shall determine are in the best interest of the school district, said conveyance to be made thirty (30) days after the new Stratham Elementary School is occupied or at such other time as the School Board shall determine.

4. To see if the district will authorize the School Board to accept from Christopher and Joyce Rowe a strip of land that fronts on Lovell Road to be used to provide access to the proposed elementary school, and to convey to Christopher and Joyce Rowe, in return, a buildable lot that fronts on said access road and to authorize the School Board to impose such additional terms and conditions on the acceptance of the right of way parcel and the conveyance of the buildable lot as the School Board shall determine are in the best interest of the school district.

5. To hear the reports of Agents, Auditors, Committees, or Officers hereto chosen and pass any vote relating thereto.

6. To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from any source which becomes available during the fiscal year. Said money must be used for legal purposes for which the School District may appropriate money, requires a public hearing on the action to be taken, must not require the expenditure of other School District funds.

7. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries of school district officials and agents, and for the payment of the statutory obligations of the District.

8. To choose Agents, Auditors, and Committees in relation to any subject embraced in this Warrant.

9. To transact any other business which may legally come before this meeting.

Given under our hands at said Stratham this _____ day of February, 1988.

REPORT OF THE SCHOOL ADMINISTRATORS

William J. Clancy, Superintendent
Darrell J. Lockwood, Assistant Superintendent
David C. Michaud, Assistant Superintendent

The school year 1987-1988 has been a year of major transition which has seen the appointment of many new administrators in SAU #16 communities. There is a new superintendent, two new assistant superintendents, a new elementary principal in Stratham, two new elementary principals in Exeter, and a new organization of the special education administration in the SAU, wherein a director has been appointed for Exeter and administrative services in the other communities have been assumed by the assistant superintendents.

In 1987-1988, the respective School Boards of SAU #16 have spent considerable time and effort developing proposals for addressing the space needs in Brentwood, East Kingston and Stratham. The Kensington school addition has been completed, and the Exeter School Board has begun the process of developing the project to address the facility needs of Exeter Area High School.

In addition, all boards have been involved in a study of the current Area Agreement, which has not been modified in the twenty-one years during which it has been in force. As a part of this study, the boards are currently studying the potential of a Cooperative Agreement to replace the current Area Agreement.

School District Report

One of the words we have heard frequently during the 1987-88 school year has been "new." David Michaud has become a new assistant superintendent in SAU #16 and Katherine Kramer is the new principal at Stratham Memorial School. There have been five new classroom teachers and five new modular classrooms to accommodate the influx of new students.

Currently there are three classes in grades 2,3,4, and 5, one readiness class, four firsts and two sixth grades. We continue to grow even when there is decreasing space; we talk a great deal about a NEW school to meet our growing needs.

Another word we have found appropriate in 1987-88 is "tradition." The community, supportive of Stratham School, continues to keep quality education for its children a high priority. We have found help, support, and interest through parents, friends, the board and administration who respect Stratham's tradition of excellence.

The association with UNH continues through graduate and undergraduate students' participation in the school as well as the three year research project. Stratham is in its second year as a research site for the study of children's assessment of their reading and writing. Stratham teachers have been involved in both the project and with other schools and districts that wish to observe and learn more about Stratham's unique reading and writing programs.

At Stratham the respect for excellence and the excitement of NEW have joined innovation with tradition. The blend has yielded a truly fine school.

Katherine Kramer, Principal

STRATHAM ANNUAL SCHOOL DISTRICT MEETING

March 9, 1987

The annual School District Meeting of the Stratham School Distrist was held at the Stratham Memorial School on Monday, March 9, 1987 with 661 registered voters in attendance.

The meeting was opened at 7:32 p.m. by Moderator, Roberts. Gerry Sterritt gave the invocation. Moderator Roberts yielded the floor to Lorraine Merrill.

Lorraine announced that William Bennett, Secretary of Education, was coming to visit the school on Friday, March 13, 1987. At 9:15 a.m. there will be a ceremony in the cafeteria on receiving the Flag of Excellence with a reception afterwards. Everyone is invited to attend.

Moderator Roberts read the rules of conduct, Parlimentary Procedure and the School Warrant. He also announced Tuesday, March 10, 1987 ballot election at the Town Hall.

ARTICLE 1: To see if the District will appropriate the sum of eight million, six hundred thousand dollars ($8,600,000.00) for the constructing, original equipping and furnishing of a new school and for the purchase of land for the school: to determine whether such sum shall be raised by borrowing or otherwise; to apply towards the cost of construction any interest earned from the temporary invetment of any bond or note proceeds; to authorize the School Board to take any and all actions necessary to carry out any vote hereunder; or to take any other action relative thereto.

School Board Chairperson Lorraine Merrill moved the article

Paula Hatch seconded it

Lorraine Merrill opened the discussion and talked briefly about the building committees plan to meet the present and future needs of the school district. She then yielded the floor to David Barr, Space Needs Committee member.

Mr. Barr gave a ten minute presentation comparing the Gifford property vx. the Flynn/Bell and Flynn properties.

Mr. Barr yielded to Gary Dolan, Selectman who discussed the Town Hall problems and the need for a better facility.

Mr. Dolan yielded to Sam Hunter, Chairman of the Planning Board. Mr. Hunter addressed the growth problems of the town and the goal of the Planning Board to work on the town center concept.

Mr. Hunter yielded to Leo Manseau, Chairman of the Building Committee. Mr. Manseau introduced Al Corzilius, Architect of CMK.

Moderator Roberts opened the discussion to the audience. The discussion period was of sufficient length to allow all those in attendance who wanted to make comments, the opportunity to do so.

Following discussion and questions, Maria Downey moved to vote this article. Stephen Woods seconded it.

At 8:23 Moderator Roberts re-read the article and announced that the polls would be opened for a minimum of two hours.

Polls opened at 8:24 and were declared closed at 10:30 pm byModerator Roberts.

The article was defeated by a ballot vote of 354 (yes) to 307 (no). It needed a 2/3 majority of 441 votes to carry.

ARTICLE 111: To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from any source which becomes available during the fiscal year. Said money must be used for legal purposes for which; the School District may appropriate money, requires a public hearing on the action to be taken; must not require the expenditure of other School District funds.

Heidi Shealy moved the article

Lorraine Merrill seconded it

The article passed by a voice vote

ARTICLE 11: To hear the reports of Agents, Auditors, Committees or Officers hereto chosen and pass any votes relating thereto.

A report from the Cooperative Study Committee was read by Ken Lanzillo.

Supt. of Schools, Wayne Gersen was given permission to speak and spoke on the current situation in Exeter. He stated that the area agreement might have to be modified to allow a sharing of the cost by all the sending towns on any major effort to upgrade the present High School.

School Board Chairman Lorraine Merrill, asked for feedback on this issue since no decisions have been made. Discussion ensued.

Charles Palm, Budget Committee Member, presented the Financial Advisory Committee Report. He made a motion that the members of the Financial Advisory Committee be increased from the present number of 3 to 5. It was seconded and passed by a voice vote.

ARTICLE IV: To see what sum of money the District will vote to raise and appropriate the amount of $2,859,836.45 (for the support of schools, for the payment of salaries of School District Officials and Agents and for the payment of the statutory obligations of the District).

Lorraine Merrill moved to raise and appropriate $2,859,836.45

The motion was seconded by Jim Scamman

The article carried by a voice vote

ARTICLE V: To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

No business was transacted

ARTICLE VI: To transact any other business which may legally come before this meeting.

The minutes of the 1986 meeting were printed in the annual Town Report and were accepted as printed.

Heidi Shealy thanked Lorraine Merrill for her term served on the School Board. Heidi said that a book will be placed in the school library in her name.

Heidi Shealy moved the meeting be adjourned.

Motion was seconded. It passed by a voice vote.

The meeting adjourned at 11:07 p.m.

Respectfully submitted,

Ellen B. Bullard

Ellen B. Bullard
School Clerk

STRATHAM SCHOOL SPECIAL DISTRICT MEETING

September 22, 1987

The Stratham School Special District Meeting was held at the Stratham Memorial School on Tuesday, September 22, 1987, with 224 registered voters in attendance.

The meeting was opened at 7:40 by Moderator, William Roberts. Reverend Bodine gave the invocation. Moderator Roberts yielded to Heidi Shealy. Mrs. Shealy introduced the new Superintendent, William Clancy, and the new Assistant Superintendents, David Michaud and Darrell Lockwood.

Moderator Roberts read the warrant.

ARTICLE I: To see if the School District of Stratham shall accept the provisions of RSA 195, (as amended) providing for the establishment of a Cooperative School District, together with the School Districts of Greenland, New Castle, Newington and Rye, in accordance with the provisions of the proposed Articles of Agreement filed with the School District Clerk. This vote is to be of no force and effect unless and until the annual meeting of the district votes to withdraw from the Exeter Area Agreement in accordance with the provisions of RSA 195-A:14.

Doug Scamman, Sr. moved the article and it was seconded by Steve Woods.

Ken Lanzillo, Sr. was called to give the results of the Cooperative Study Committee.

Moderator Robers yielded to Heidi Shealy. Mrs. Shealy read the school boards position of the Cooperative proposal. They were opposed.

The Moderator then opened it up for discussion. Following the discussion it was moved to a vote and seconded.

Polls were opened at 9:15 and declared closed at 10:15 by Moderator Roberts.

The article was defeated 146 to 78.

The meeting was moved to adjourned and seconded.

The meeting adjourned at 10:30.

Respectfully submitted
